How do we secure the data?

All data are stored in a secure environment (both hard copy and digital).

Which employees are allowed to view your data?

Within our organization, management and administration have access to the personal data (insofar as this is necessary). Other employees are not allowed to view your data and do not have access to this data.

Can I see information about myself?

You always have the right to view information that we have recorded. You must submit a written request for this. If it turns out that the information in your file is incorrect, you can request a correction.
